Motto – Service before Self

# SILIGURI INSTITUTE OF TECHNOLOGY

NSS Annual Report 2017-18

#### **BRIEF DESCRIPTION:**

Siliguri Institute of Technology has been in the forefront of NSS activities. The NSS SIT unit for the session 2017-18 has strength of 103 volunteers. The impetus is to give the students best educational experience in order to make them responsible and productive citizens of the country. It has undertaken many socially and environmentally viable activities which are very much helpful to the mankind; "Service before Self" is our motto. This expresses the essence of democratic living and upholds the need for selfless service and appreciation of the other man's point of view and also to show consideration for fellow human beings. It underlines that the welfare of an individual is ultimately dependent on the welfare of the society as a whole.

NSS Stands for National Service Scheme. The main objective of the National Service Scheme as envisaged originally was service to the community, offered while undergoing instruction, in an educational institution. It was sought to arouse the social consciousness of students and provide them with the opportunity to work with the people around the educational campuses creatively and constructively and to put the education they received to concrete social use. It has been felt that the primary aim of the scheme is to enable the students to upgrade their personality and experience through community service.
