**Members Absent:** Nil

Department	Sem	Points discussed and resolved
CSE	4 <sup>th</sup>	One ceiling fan is not working in Room No. 201. It needs repairing. Request teachers to deliver lecture in English avoiding vernacular language. To provide email id in college domain to access premier web content.
	6 <sup>th</sup>	To inform the technical assistant to equalize the laboratory progress of Sec A and B for Computer Network. College should provide assistance for internship when required. Online Training content is good. However, it would be better if it is conducted offline. Request to shift Computer Network theory class from Thursday to Monday or Tuesday. The students of both Section A and B request the teacher of Image Processing to be more expressive while demonstration. The students request to briefly revise Computer Organization taught online earlier in order to grasp Computer Architecture.
	8 <sup>th</sup>	College Id for MS Office and Adobe may be provided so that premier content can be accessed by the students.

Note: The students of all semesters verified the syllabus progress report submitted by the teachers

**Members Absent:** Nil

Department	Sem	Points Discussed and resolved
ECE	4 <sup>th</sup>	The syllabus is completed in pace with time.  Extra curricular activity is going on properly.  Cyber Physical Systems club is inaugurated shortly. Work is in progress.
	6 <sup>th</sup>	Request to provide technical and non-technical mock interview sessions.  Faculty and staff are good and helpful.
	8 <sup>th</sup>	Request to promote clubs for culture, sports and coding.  Sports activity and events should be increased.  Students want to organize coding and gaming competition.  The principal encourages the students to open IEEE student chapter.

Note: The students of all semesters verified the syllabus progress report submitted by the teachers.
