All good

Satisfied

Ok

..

I have no suggestions

Nothing at this moment

The classes are too long .Please decrease the duration of classes .

We need better food and quantity must be sufficient for everyone

After coming to college we do only assignment and making more and more notes we have no time to self study due to college assignment

It will be helpful if we can get regular access to library soon

I have problems in maths subject as I am not able to catch and understand the lectures

Very good faculty

Please reduce assignment pressure.

Thank You

Please provide adequate time for the completion of assignments or homework's as we need time to study for semester exams also

Nothing to say

Department time of 5pm is too late

Allover good

Departure time should be 3.00 p.m

Help students create clear educational and career plans.

We want programming related classes ..

Need to improve in library staff

Library access improvement

Canteen launch is not good

College takes too much time.

No!

Excellent studying facility

The courses are running properly.

Maths classes not at all interactive or doubt clearing

We need wifi

There should be a little improvement in teaching.

NIL.

Class room ambiance is Excellent

It would be better if the Mathematics IA class was more detailed

I love this College.

No suggestions

1. Unable to understand and follow, Mathematics class because of sir's fast and unclear

maths explanation. , 2. The teacher of Physics Lab(BS-PH 191) shows unnecessary rudeness to most of the students.

Professors are so bad in communicating that if i say about a doubt they shout . Cant understand anything. Physics mam and ee sir is the worst

VERY WELL COLLEGE

Physics lab teacher not treat well.

I wants that teacher should more elaborate the topics

I want to upgrade my course from cse to it because I want to pursue in software field only .

Duration of classes are too long pls decrease the duration

Food of canteen should be better

...

Overall it's okay

Revision classes should be there.. 1 shot full chapter revision with question practice

Unable to understand maths(BS-M101), because of his fast and unclear instructions/delivery. And unclear explanation . And basic electrical teacher's teaching always lacks some details which makes it hard to comprehend!

Physics could be explained more broadly and clearly

Na

Thank you

Class is going well ... Let's get better

Classes are boring as teachers don't teach with enthusiasm

Non

Nothing

Iam so happy in this college

Overall it's good

Provide all the notes in google class room

Not yet except the fact that we want freedom to explore more of the campus

Professors explain the concepts clearly and encourage class interaction

No, Thank You

Access To Library In Library Period To Utilisation Of Library

Very poor canteen

The faculty is amazing, a good classroom environment is provided for better learning.

Canteen food is not good. Boys toilet not be clean

N/A

No comments

Nothing.

I don't have anything to say.

Don't teach in Bengali

After coming to college we do only assignment no time to self study we want college focus on practical things not only writing type of things like much assignment

Plz change phy and electrical teachers

Overall good but sports must needed

No.

collage is good

Mmm...na

..

it would be great if more interaction was allowed.

Classes must be Bengali language ( language problem)

So far everything is good

It's absolutely hard to understand, the class doesn't contain only toppers only..then where average students will go teachers should teach us the basics very clearly without shouting at us . That's not how it works, and moreover we are been

please give us to go outside during free periods.

Provide all class notes in Google class room

FOCUS ON STUDY AND ACTIVITIES, DEVELOP GOOD MARKS. NEVER MISS CLASSES, STAY DISCIPLINED.

Create more opportunities for students development

N

no all good

Our class and all the classes are all good.All of this is excellent

None.

It would be better if lecture classes could be done regularly

Reduce classes hours

Departure time should be at 3 o'clock.After recess,except 1or 2 period(s),there is nothing I find resourceful.

Each topic should be given more time...
