Dear Mr./Miss/Mrs./Dr./Prof. **RAJEN KOLEY**,

Based on the observation so far in the submission of Very short answer type questions for Group-A in question bank it is found that MCQ questions are uploaded against Group-A (Very short answer type questions). It is advised not to confine in MCQ questions only (As such questions type would be followed in CA4) and submit questions preferably of other types/short answer types for Group-A category.

During submission of 15 marks questions, it is also observed that scope/provision of distribute sub-sections like a/b/c etc. through "**Add sub questions**" button is not used. It is advised to distribute 15 marks in sub-sections wherever required.

You are again requested not to refer/take questions directly from the web sources.

Please feel free to contact this office for any further clarification.

Your support and co-operation is solicited.

This is a bulk messaging service. Do not reply to this mail. If any query please write on **coe.exam@makautwb.ac.in**
