

## 7.1.5: Green campus initiatives include

The Institute accomplishes the following:

1. Restricted vehicle entry.
2. Pedestrian-friendly routes.
3. Plastic ban
4. landscaping with trees and plants.

The Institute engages in a variety of green programs to promote a sustainable environment. Students, teachers, and staff members participate in many events such as Swachh-Abhiyan, Environment Day celebrations, tree planting, and so on to help make the campus more environmentally friendly. The campus is kept neat and tidy.

- 1) Restricted automotive access and movement: All vehicles owned by faculty, staff, and students are parked in the designated parking space. Furthermore, during college hours, all automobile movement is permitted only for the purpose of entering and exiting the campus.
- 2) Plastic-Free Campus: The Institute prohibits the use of plastic in any way on its campus.
